

SMALL GROUP MEETINGS

The Rector Search Committee held ten small group meetings that were designed to allow the congregation to give direct feedback to the Search Committee. They were well attended by every subgroup of the congregation, e.g., long term parishioners, young families, singles, marrieds, the middle school and high school youth, as well as lay ministers and staff. The Search Committee then compared the results of those small groups to the results of the anonymous surveys and began the process of synthesizing this information into a coherent picture of the needs of the congregation to guide our search for a new rector. This understanding was then documented and sent to the Parish Profile Committee for inclusion in the profile.
